DOORS AND WINDOWS

The Origin Home Range

The Origin Home Range...

The Origin Home is a collection of the finest quality products, designed and manufactured in Great Britain, by Origin. This includes our award-winning bi-folding, sliding and residential doors and windows. This array of products ensures that we have a renovation solution for every home.

The rigorous quality testing that takes place at every stage of our manufacturing process, across the entire Origin Home Range, ensures that all products are consistently produced at an unrivalled level of quality.

The Origin Bi-fold Door Range

Completely bespoke...

Offering 2 sightline options (either 49mm or 72mm), the Origin Bi-fold Door is completely tailored to your requirements. From the size, colour and configuration, all the way through to the handles and hardware, you're in control.

Colour

The Origin Bi-fold Door is available in over 150 different RAL colours, including authentic woodgrain finishes and dual colour options.*

**Woodgrain finishes are only available on the OB-72.*

Configuration

Ranging from one through to twelve door sets, and with door leaves as narrow as 400mm, as wide as 1200mm and as tall as 3000mm, we guarantee there is a configuration available to suit any home.

Hardware

Handles and hinges can be specified in a stainless steel finish, colour matched or even specified to contrast to the colour of the frames. The gasket colour is also your choice, making it easy to create your own unique look.

Aluminium...

Manufactured using a premium grade aluminium, the Origin Bi-fold Door brings the benefit of being physically secure, energy efficient and highly durable. Additionally, it's also highly resilient to warping and flexing, even in adverse weather conditions, so you can relax knowing your doors will take care of your home and stand the test of time.

Unbeatable lead times...

Thanks to our unique manufacturing techniques, your door's delivery date can be specified at the point of ordering, so the manufacturing schedule is controlled by your requirements, even if that's for the next day. **

***The 24-hour lead time is only available on the OB-72 in certain colours.*

Safety...

The Origin Bi-fold Door features a selection of safety features, one of which includes unique q-lon seals that prevent fingers from getting trapped between doors, ensuring it keeps your loved ones safe.

Thermally efficient...

The Origin Bi-fold Door has been cleverly designed to keep you warm when it's chilly and cool when it's hot. With a certified U-Value of 1.2 for the OB-49 and 1.3 for the OB-72, they comfortably outperform British Building Regulations.

Up to a 20-year guarantee...

Our uncompromising quality control, precision engineering and exceptional craftsmanship all combine to enable a guarantee of up to 20-years to be offered for optimum peace of mind.***

****Guarantee based on location of where the doors will be installed.*

British
designed and
manufactured...

Designed specifically for the UK market, we have complete control over every stage of the production process – from design, through to manufacturing, which takes place in our state-of-the-art UK factory – to ensure that every Origin Door is perfect in every sense.

Other door types
include Corner Sets,
French Doors and
Single Doors

The Origin Residential Door

Panel choices...

With a range of styles and colours, whatever the home or building style, we guarantee to have a panel to suit your style.

Hardware options...

Helping further broaden the design possibilities, we offer an elegant range of premium quality hardware. From lever and bar handles, through to door pulls, door-knockers, spyholes and letterboxes, the exclusive suite is guaranteed to complement any door.

Front of house unity...

Sharing a similar style profile to the bi-fold door and window, the addition of the Origin Residential Door ensures a harmonious look between products and creates complete front of house unity. It can also be used as either a front or garage door to further amplify this effect.

Security...

The Origin Residential Door has been designed with heightened security at the forefront. Not only does the range pass the PAS 24:2016 requirement, but it also achieves the rigorous police preferred Secured by Design accreditation.

Popular panels...

Five of our popular panels are available on a 1-week lead time when ordered in any one of their seven popular colours (9910G, 7015M, 7016M, 7021M, 9005M, 9007M and the dual colour of 9910G/ 7016M), meaning you'll be able to integrate the Origin Residential Door into your home quicker than you may have originally thought.*

** Size limitations may apply.*

Designed and manufactured in Great Britain...

By being exclusively and expertly manufactured at our state-of-the-art Buckinghamshire based factory, it ensures the highest level of quality is consistently achieved. Unlike the rest, we look after our full manufacturing journey from start to finish, which is why we offer an incredible guarantee of up to 20-years.**

***Guarantee based on location of where the doors will be installed.*

The Origin Sliding Door Range

The Origin Artisan Slider (OS-20)...

A structurally bonded system made from premium grade aluminium, the OS-20 has ultra-slim sightlines of just 20mm. Its innate strength allows it to accommodate impressively large glass panels, making it both visually stunning and practically versatile.

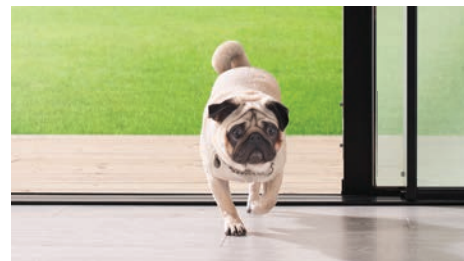

The Origin Patio Slider (OS-44 and OS-77)...

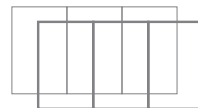

With two sightline options on offer (44mm and 77mm), the Origin Patio Slider is perfect for injecting a sense of effortless elegance into the home without compromising on security or performance. The OS-44 allows you to maximise on glass so you can make the most of natural light, whilst the OS-77 offers slightly larger sightlines for a more traditional finish.

Effortless operation...

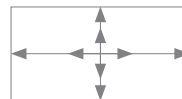

Individual doors can be opened to the left, right or in the middle of your space by choosing either a double or triple track configuration. Whichever you choose, the high quality carriage system and robust runner ensures a smooth, dependable and effortless operation, even after years of service.

Safe and sound...

Both sliding door systems (OS-20 and OS-44/ OS-77) have been designed to protect your home and the people dear to you, whilst keeping intruders out.

Each door is equipped with an ultra-secure multi-point locking system and the frames are constructed from a high grade aluminium. Therefore, whatever door system you choose, you can be completely confident you're protected with Origin.

Guaranteed for up to 20-years...

Because of our expertise in the design and engineering of aluminium fenestration products, a guarantee of up to 20-years on both the OS-20 and OS-44/ OS-77 is confidently offered.*

**Guarantee based on location of where the doors will be installed. 10-year glass guarantee only available when specifying the OS-20.*

The Origin Window Collection

The Slimline Window (OW-70)

Beautiful, elegant and simplistic, the Origin Slimline Window is designed for spaces where maximising glass and light is essential.

Built from a high-grade aluminium with an impressive 65mm frame, the Origin Slimline Window is as strong as it is sleek. Its ultra-slim sightlines will not only deliver aesthetically, but its innate strength will ensure your home is kept secure.

The Premium Window (OW-80)

Modernising the design of traditional 19th Century timber windows, the Origin Premium Window is a highly durable and blissfully functional solution that's perfect for the 21st Century.

With an exquisite internal and external flush casement and unrivalled thermal performance, the Origin Premium Window also offers the added benefits of hassle-free maintenance and being manufactured from a premium grade aluminium for long-term reliability.

The Origin Window Collection key features and benefits...

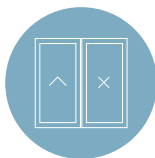

Available in all colours

including woodgrains...

The OW-80 is available in over 150 different RAL shades, authentic woodgrain finishes as well as dual colour options. The OW-70 can also be specified in one of the 150 RAL colours, but woodgrains and dual colours are not available.

OW-80 ☒ OW-70 ☐

Available in all configurations...

The OW-80 is available in all configurations whether it be gable, bay, casement, fixed or French. The OW-70, however, comes only as a casement, fixed or bay.

OW-80 ☒ OW-70 ☐

Aerogel...

The world's best insulator, Aerogel - used to insulate space shuttles - can only be used in the OW-80 to help boost the window's thermal efficiency, allowing it to achieve an Energy Rating of A++.

OW-80 ☒ OW-70 ☐

Up to a 20-year guarantee...

Our industry-leading guarantee of up to 20-years covers both the OW-70 and OW-80.* This guarantee covers every part that leaves the factory, even the profile, powder coated finish and weather seals.

**Guarantee based on location of where the windows will be installed.*

OW-80 ☒ OW-70 ☒

Available on a 24-hour lead time...

The OW-80 can be supplied fully bespoke in as little as 24-hours when ordering from our popular colour range. Colours span from Hipca White to Jet Black and cover all the popular metallic shades in between. It also includes the authentically styled woodgrain effects.

OW-80 ☒ OW-70 ☐

Thermally efficient...

With advanced triple weather seals, both the OW-70 and OW-80 can achieve low U-Value ratings of 1.5 and 0.9 respectively.

OW-80 ☒ OW-70 ☒

Security is key...

Security is essential in any system design, and both the OW-70 and OW-80 conform to PAS 24:2016 and Secured by Design. Both systems have been extensively cycle-tested, ensuring their durability and high-quality performance.

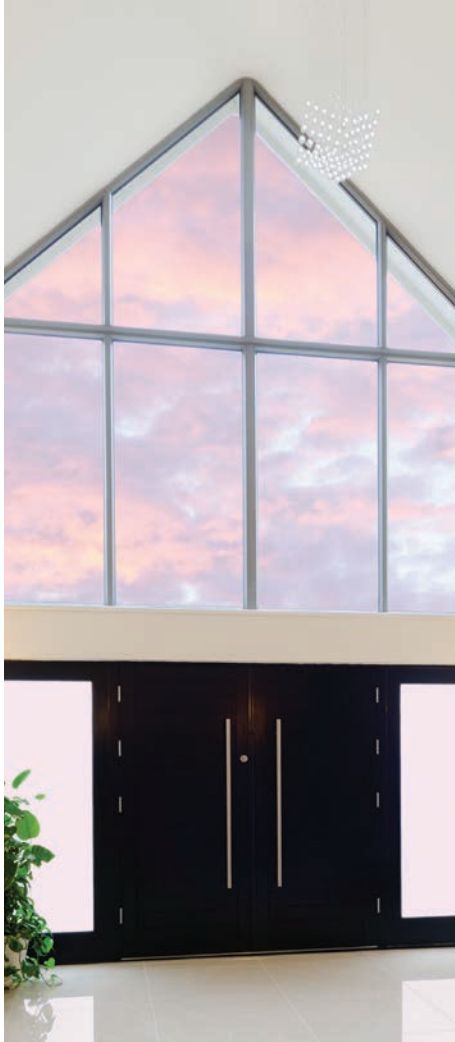

OW-80  OW-70 

British designed and manufactured...

All Origin products are exclusively manufactured in the UK, by us, giving a central control of the overall finish. Both the OW-70 and OW-80 have been designed specifically to meet the demands of the UK market, which has resulted in superior weather rating, security and aesthetic appeal.

OW-80  OW-70 

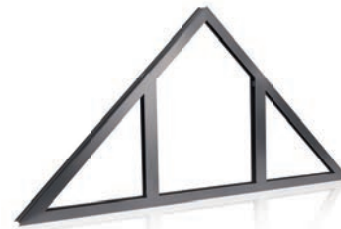

Window types include...

Fixed

Our Accreditations...

Secured by Design...

Secured by Design (SBD) is a national, police-backed standard, associated with security and levels of performance for weather, operation and quality on domestic properties. It recognises that our doors and windows have not only been tested to the required security standards, but that they also adhere to the rigorous test standards required by the police.

have a track record of consistently providing products and services that meet both customer and regulatory requirements.

products that pass will be stronger than the minimum requirement. That's why we have become Secured by Design accredited.

PAS 24:2016...

This is your guarantee that the door sets and windows that we manufacture deliver the right level of security for the buildings they are intended to be part of. Like most British Standards, PAS 24:2016 is a minimum standard, and it is either a pass or fail test.

There isn't a performance scale for those that are more or less secure, so some of the

ISO 14001 – Environmental Management...

Now more than ever, we need to be aware of the impact our operations may have on our environment, the legal obligations we must adhere to, and ensuring we are doing things the right way. We want our customers to buy from us with a clear conscience and feel that

ISO 9001 – Quality Management...

ISO 9001 is an international standard that assesses a company's quality management system. Having first achieved it in 2013, the fact that we are still certified means that we

ISO 14001 can prove that Origin is taking responsibility, acting ethically, legally and exercising best practice in all that we do.
