WINDOWS

The **REHAU TOTAL70** Window and Door System comprises a range of multi-chambered profiles that are designed to meet the requirements of the new build, commercial and domestic refurbishment markets.

Sculptured (Total 70S) and Chamfered (Total 70C)

There are two casement window options to choose from:

REHAU TOTAL70S is a suite of fully sculptured profiles offering heightened style to both modern and traditional properties.

REHAU TOTAL70C is a simple yet elegant chamfered system, helping to create our beautiful contemporary frames.

- 28mm single leg bead, sculptured or flat
- Pre-inserted black low-line gaskets throughout
- Feature grooved with flush knife reverse butt weld
- 5-chamber profiles for improved thermal performance
- Choice of 3 outer frame sizes
- 9 standard colours in Total 70C including smooth antracite grey foil on white.
- 8 standard colours in Total 70S
- 36mm triple-glazing bead available
- Astragal bar option available
- Run-through sash horns available.

REHAU TOTAL70 contains a unique compound with a smooth gloss finish – guaranteeing they retain their pristine appearance.

TOTAL 70S

TOTAL 70C

RESIDENTIAL & FRENCH DOORS

- Two Part M compliant options, including 44mm aluminium and 52mm or 62mm low plastic thresholds
- Feature grooved with flush knife reverse butt weld
- Pre-inserted black low-line gasket throughout
- Screw-on drip bar – Chamfered
- 9 standard colours (Total70C)
- 8 standard colours (Total70S).

WINDOWS

Our comprehensive range offers specifiers and architects a design and function to suit any application. Ideal for a variety of projects including refurbishment, new build, low-level and high-rise, our windows and doors suit modern properties with urban sophistication and a more classical style with rural charm.

- Steel reinforcing
- Fully adjustable flag hinge.

A BRAND OF THE VEKA UK GROUP

WINDOWS

Our comprehensive range of HALO Windows and Doors offers a design and function to suit any application. Ideal for a variety of projects including refurbishment, new build, low-level and high-rise, our windows and doors suit modern properties with urban sophistication and a more classical style with rural charm.

Sculptured (Rustique) and Chamfered (System 10)

Rustique and System 10 are fully versatile and totally integrated 70mm systems with kerb appeal that feature a sculptured ovolo shape (Rustique) or a chamfered edge (System 10) with clean and slim sight-lines.

RUSTIQUE

SYSTEM 10

- 28mm single leg bead, sculptured or chamfered
- Feature grooved with flush knife reverse butt weld
- All suites share same ancillaries
- Sculptured dedicated French window mullion – with end caps
- All systems have co-extruded black low-line gaskets
- 9 standard colours available on sculptured (Rustique)
- 7 standard colours available on chamfered (System 10)
- Astragal bar option available.

RESIDENTIAL & FRENCH DOORS

- Low threshold options, 15mm aluminium for wheelchair access (compliant with Part M), 44mm aluminium and 56mm low plastic threshold or 72mm step
- Sculptured dedicated French door mullion with end caps
- All systems have co-extruded black low-line gasket throughout
- Screw-on drop bar - Chamfered, Sculptured
- 9 standard colours available in sculptured (Rustique)
- 7 standard colours available in chamfered (System 10)

WINDOWS

With fully interchangeable sculptured and chamfered frame/sash and beads, the Duraflex Diamond Suite offers the installer unrivalled flexibility.

Sculptured and Chamfered

The bright white option stands out from the crowd as a great differentiator as does the availability of an ultra-slim window outer-frame.

In addition, all main frame sections are supplied with a high performing Q-Ion gasket which allows higher compression and recovery rates over a wide temperature range to give the ultimate in performance. Furthermore, it comes with a lifetime guarantee. Our 70mm system is available with 5 chambers to further enhance thermal performance.

SCULPTURED

CHAMFERED

- Large, intermediate and slim frames
- Kenrick shootbolt locking with opposing central 'claws'
- Window Widget bay parts
- Q-Ion gasket
- Clean and wrap service available
- Run-through horn mock sash window
- Two astragal bar sizes available
- Grooved V welds with polished reverse butt welds on all white frames
- Flush knife finish on foils
- All beads scribed
- 7 standard colours available on Sculptured.

RESIDENTIAL & FRENCH DOORS

- Low threshold options, 15mm aluminium for wheelchair access (compliant with Part M), 46mm low plastic threshold
- Grooved V welds with polished reverse butt welds on all white frames
- Flush knife finish on foils
- All beads scribed
- All systems have co-extruded black low-line gasket throughout
- Screw-on drip bar
- 7 standard colours in Sculptured.

WINDOWS

The Eurologik 70 profile system from Eurocell combines leading energy efficiency performance and aesthetics with ease of use – for the ultimate system.

Eurologik is specially designed for ease of fitting, featuring a unique, patented knock-in bead system. Ideally suited for new build or replacement windows, its 70mm front-to-back dimension enables the seamless replacement of any frame.

Sculptured and Chamfered

Eurologik is designed for improved aesthetics and clean sight lines, with its unobtrusive gasket line and slim profile. The profile features multiple chambers to enhance thermal efficiency and strength, and improve drainage. Available with chamfered or sculptured ovolo styles in a range of colours, Eurologik window profiles add a touch of distinction to any home.

- 28mm bead, sculptured or chamfered
- Feature grooved with flush knife reverse butt weld
- All suites share same ancillaries
- Black co-extruded black low-line gaskets
- 8 standard colours available on Sculptured
- 7 standard colours available on Chamfered
- Astragal bar option available.

SCULPTURED

CHAMFERED

RESIDENTIAL & FRENCH DOORS

- Low threshold options, 25mm aluminium for wheelchair access (compliant with Part M if ramps fitted), 60mm low plastic threshold
- All systems have co-extruded black low-line gasket throughout
- Screw-on drip bar – Chamfered, Sculptured
- 8 standard colours in Sculptured
- 7 standard colours in Chamfered.

VERTICAL SLIDING WINDOWS

Taking all the finest points of the traditional design, the Matrix PVCu version matches the aesthetic appeal while offering superior performance and maintenance benefits.

Weights and pulleys are replaced by reliable spring and spiral balances, and a unique tilt facility to enable cleaning of sashes safely from the inside.

Key features

- Traditional front- to-back profile dimension to match existing box arrangements
- Sections designed to match traditional aesthetic appeal
- Deep bottom rail option
- Upper and lower sashes tilt inwards for ease of cleaning
- Traditional astragal Georgian bar arrangements
- Traditional hardware design and functionality
- Full range of style options and sizes to enable replacement of traditional products
- Achieves U-values as low as 1.4 W/m²K.

IN-LINE PATIO DOORS

imagine
PATIO DOORS

The beauty of in-line sliding patio doors lies in their ability to provide virtually unhindered views of the great outdoors while being unobtrusive within your living space.

BI-FOLDING DOORS

Aspect is the advanced bi-folding patio door system from Eurocell. With ultra slim frames there's nothing to obscure your view or stop all that extra light flooding into the heart of your home.

Aspect bi-folding doors glide open with the lightest of touches and fold back flatter than any rival model. That means you can create a continuous 'garden room' that stretches from inside a home to the great outdoors in one single, uninterrupted space.

Key features

- 3, 4, 5, 6 and 7 pane
- Smooth operation
- Easily adjustable hinges
- Unique 'D' handle allows doors to fold flat to each other
- No unsightly heavy, black rubber seals
- No unsightly sliding mullion
- Slim profile for maximum viewing area
- Multi-point locking
- Fully reinforced sash and outer frame
- Manufactured to accommodate 28mm double glazing units
- Draught and weather tested.

Eurocell Aspect Bifold

 BLACK/WHITE
 ANTHRACITE WOODGRAIN/WHITE
 WHITE WOODGRAIN
 CREAM WOODGRAIN

Key features

- 2, 3, 4, 5, 6 and 7 pane
- Smooth operation
- Easily adjustable hinges
- Low aluminium threshold available
- Unique 'D' handle allows doors to fold flat to each other
- No unsightly heavy, black rubber seals
- No unsightly sliding mullion
- Slim profile for maximum viewing area
- Multi-point locking
- Fully reinforced sash and outer frame
- Manufactured to accommodate 28mm double glazing units
- Draught and weather tested.

The elegant finish of the Veka Imagine Bi-Fold Door houses a host of technical innovations, combined to create a truly world-class product.

Available in a range of 16 different configurations, the Veka Imagine Bi-Fold Door offers three threshold options (standard outer frame, low threshold and ultra-low internal room divider) and the choice of sculptured or bevelled and glazing beads. Doors can be up to 6 metres wide with a sash width of up to 1 metre - meaning less profile, more glass and slimmer sight lines.

HOMEOWNER SECURITY GUARANTEES

Harness the power of Yale and offer your customers ultimate peace of mind with the Yale Lifetime Guarantee.

The power of Yale

With 98% brand recognition, Yale is acknowledged as the leading name in home security. We're relied upon to safeguard people and property worldwide, so you can rest assured that your customer's home is protected by the best.

Cover for every eventuality

Yale offers outstanding protection against forced entry and our Lifetime Security Guarantee adds an extra line of defence.

When you choose a full suite of eligible Yale hardware, your customer will benefit from:

- 
UP TO £1,000 TOWARDS HOME INSURANCE EXCESS
 In the unlikely event of a break-in, we'll pay up to £1,000 towards your customer's home insurance excess, so they won't be left out of pocket.
- 
UP TO £1,000 TOWARDS REPAIRS OR REPLACEMENTS
 Our products are always designed to stand the test of time. That's why if Yale hardware fails, we'll pay up to £1,000 for repairs or replacements.
- 
£1,000 COMPENSATION
 If a break-in is caused by failure of Yale hardware, we'll do all we can to make it right. That includes giving the homeowner £1,000 compensation to apologise for the distress caused.
- 
UP TO £250 REFUND ON CALL-OUT FEES
 With our Lifetime Guarantee, your customer is fully covered if the worst should happen. We'll even refund call-out fees to secure their home if a break-in occurs due to the failure of a Yale component.

You can now give your customers the confidence that fitting the right package of hardware delivers the ultimate in home security, with a Total Security guarantee to match. The ERA Total Security Guarantee is also the only guarantee scheme recognised by the Neighbourhood Watch.

Ultimate peace of mind for your consumers and a guarantee recognised by the Neighbourhood Watch

In the unlikely event of a break-in due to security hardware failure, we guarantee:

- 
FULL REPLACEMENT OF THE DAMAGED WINDOW AND/OR DOOR
 We guarantee your windows and doors against forced entry for their full life time, and in the unlikely event that an ERA approved component fails and results in a break-in we will fully replace the consumer's damaged window or door.
- 
£5,000 COMPENSATION PAID
 In the unlikely event of a break-in succeeding through the failure of a component covered by the ERA Total Security Guarantee, your customer will be given £5,000 to compensate them for the inconvenience caused.

Total Confidence Guarantee
Trusted worldwide.

Peace of mind from a **complete 10 year warranty** for reliability and security.

UP TO £6,500 WORTH OF COMPENSATION

In the unlikely event of a break-in succeeding through the failure of a component covered by the Roto Total Confidence Guarantee, your customer will be given up to £6,500 to compensate them for the inconvenience caused.
